## EDUCATION

### B.Tech in Computer Science & Engineering

College of Engineering & Technology, Bhubaneswar  
08/2018 - 2022, 8.85 CGPA

### XII - Board

Jawahar Navodaya Vidyalaya, Nayagarh  
05/2015 - 04/2017, 89.4%

### X - Board

Jawahar Navodaya Vidyalaya, Nayagarh  
04/2014 - 04/2015, 10 CGPA

## WORK EXPERIENCE

### ❖ Development Intern

Learn For Cause 05/2021 - 06/2021

- Working as a Developer in the IT department
- I also mentored a group which was working on a MERN project named Blogger Web.

### ❖ Full Stack Development Intern

Skill Safari 05/2021 - 05/2021

- Learnt a lot about full stack development
- Worked on few basic projects using MERN stack.

### ❖ Web Development Internship

The Sparks Foundation 01/2021 - 02/2021

- This internship involved creating a dynamic banking website which is linked to a database and hosting it.
- Payment Gateway Integration using Paytm was also done.

### ❖ IoT & ML training

BOLT IoT 10/2020 - 12/2020

- The training was based on the Internet of Things and Machine Learning.
- The project was to create a temperature alert system for storing vaccines (medicine) at very low temperature using buzzer, light and mobile message.

### ❖ AI & ML Internship

Central Tool Room & Training Center

02/2020 - 03/2020

- Vocational training was on AI models, Computer vision, Machine learning etc.
- The project was to create a face recognition model which can recognize the face of a person and display the name from the database. Learnt about self driving cars also

## LANGUAGES

English Hindi Odia

## INTEREST

Playing Outdoor games, Watching Cricket,

Reading & Writing Blogs

## SKILLS

Data structure & Algorithm

Problem Solving

C++ , Python

Web Development

Artificial intelligence & Machine learning

Internet of Things

Cyber security

Open Source Contribution

## PROJECTS

### Typing Speed Test - An application to test typing speed

- An application was designed that will test your typing skills and show you your speed, accuracy, WPM
- A python based application and a website was made with similar functions.

### Chandan Tutorials - A simple website for a home tutor

- This is a project to design the official website of a private organization which provides private tutors to registering students.
- It includes several features such as login/ signup page for students and teachers, home page, image gallery etc.

### Temperature Sensor - with alert systems

- A temperature alert system by the use of buzzer, light and sending message to mobile was made.
- It would be lot helpful in storage of various things at certain range of temperature.

### Hawk- Eye - A smart lens cum Helmet

- It is a team project for MIC Innovation Challenge 2020 which is based on building a smart lens-cum helmet for the soldiers and other officials working in the defense organizations.
- The idea is to enable the soldiers to communicate visually during the special combats that would increase their efficiency and reduce the number of fatalities.
- It includes use of electrical sensors, devices and some AI models.

## ACHIEVEMENTS

Project **Mentor** at Lets Grow More Summer of Code

**HackOn 2.0 Hackathon** Participant

**Open Source Contributor** at GirlScript Summer of Code (Top 100)

CISCO **DevNet Associate** Certification

**SAP** Development Associate ABAP Certification

**CCNAV7** Introduction to Networks Certification

**PCAP** Certification: Programming Essentials in python

**Cyber Security Essentials** Certification

Introduction to Packet Tracer Certification

**MIC Innovation Challenge** Participant

HERO Campus Challenge by Hero MotoCorp Participant

Plastic Free Campaign Participant under TEQUIP-III

**State Level NSS Volunteer** at NABAKALEBAR camp

**Regional Science Congress** – BHOPAL Region Participant

Certification of Energy Literacy Drive

National level Badminton player
